

Dear Sir/Madam

Thank you for your interest in submitting comments on the Draft South Esk River Catchment Water Management Plan.

At the end of the period of public exhibition the Department will collate the representations received and address each of the issues raised in a report to the Secretary of the Department. The Secretary will forward this report to the Tasmanian Planning Commission (formerly the Resource Planning and Development Commission).

The Commission will review the representations and the Department's response to each and decide whether or not to hold a hearing to assist in it's review of the representations and the report.

Your email is considered a written representation to the Department with regard to the Draft South Esk River Catchment Water Management Plan and will accordingly be addressed in the report from the Secretary and considered in the above process.

Thank you once again for your comments.

Yours faithfully

A handwritten signature in black ink, appearing to be 'Hans', with a horizontal line underneath it.
